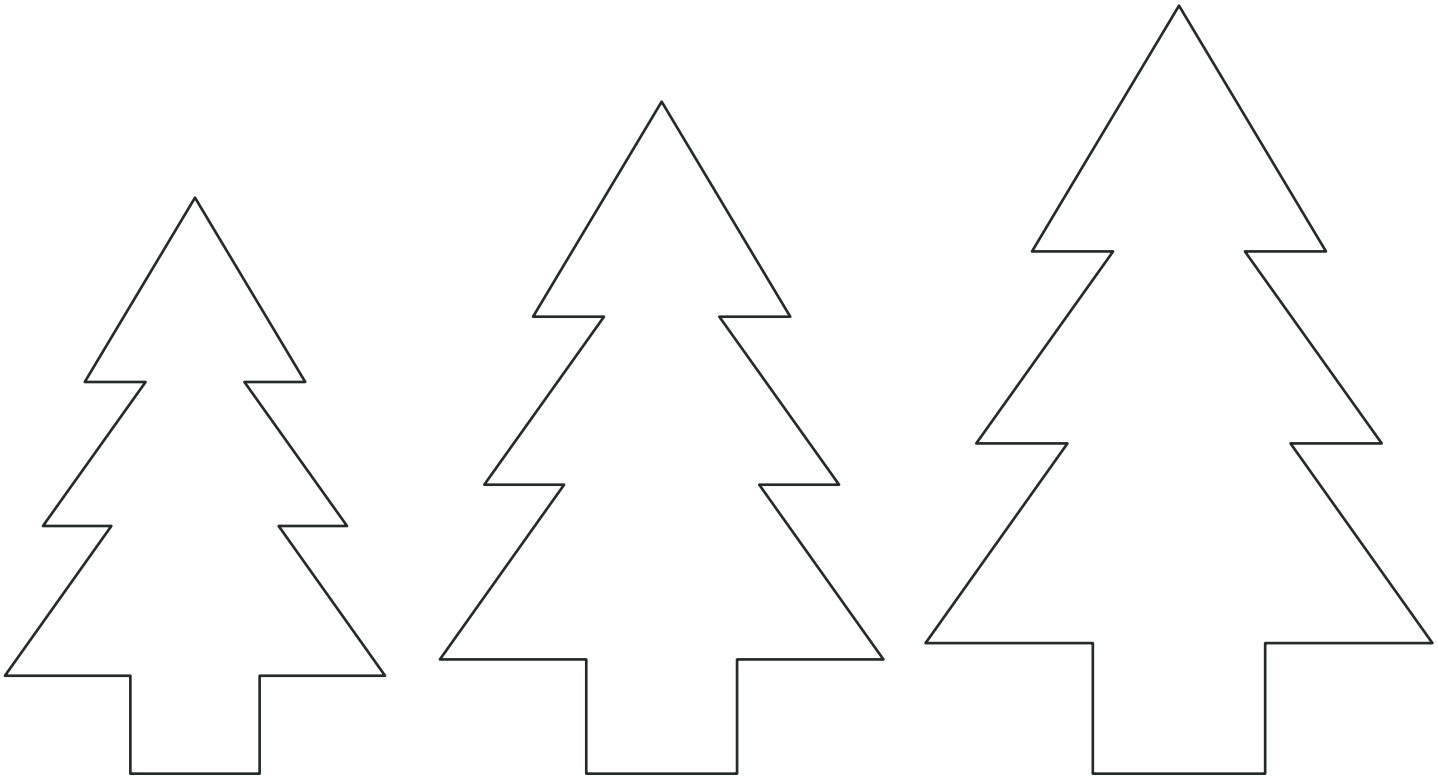
Christmas Tree Hand Pie Templates

Actual-size pastry cutting patterns / US Letter (8.5 × 11 in)

PRINT AT 100% / ACTUAL SIZE

Select US Letter paper and turn off “Fit to page” or automatic scaling.
Measure the calibration square below before cutting out your chosen tree.



3 inches
tip to trunk base

3.5 inches
tip to trunk base

4 inches
tip to trunk base

CHECK PRINT SCALE

1 inch
25.4 mm

Measure both sides.
Use line centers.

HOW TO USE YOUR TEMPLATE

1. **Cut out one paper tree along the solid outline.**
   Trace onto clean parchment paper for contact with dough.
2. **Cut two matching dough trees for each hand pie.**
   Keep the pastry cool and use a sharp knife or pastry cutter.
3. **Add a small spoonful of thick filling to the center.**
   Leave about ¼ inch for sealing; keep the narrow tips empty.
4. **Remove all paper, seal the edges and cut a steam vent.**
   Follow the recipe for cooking, cooling and decorating.
